International Industrial Engineering Program (IIEP)

Department of Industrial Engineering
Faculty of Industrial Technology
2025

Program Studi S1 Teknik Industri – International Program

- Since 2001

A program that have international standards in all aspects including curriculum, facilities and infrastructure, faculty, **language**, and **international exposure**

Many kinds of international exposure

As mandated by Curriculum, students taking the international program must complete at least one of several international exposure activities as follows:

1. Bachelor Leading to Master Program

2. International Student Exchange Program

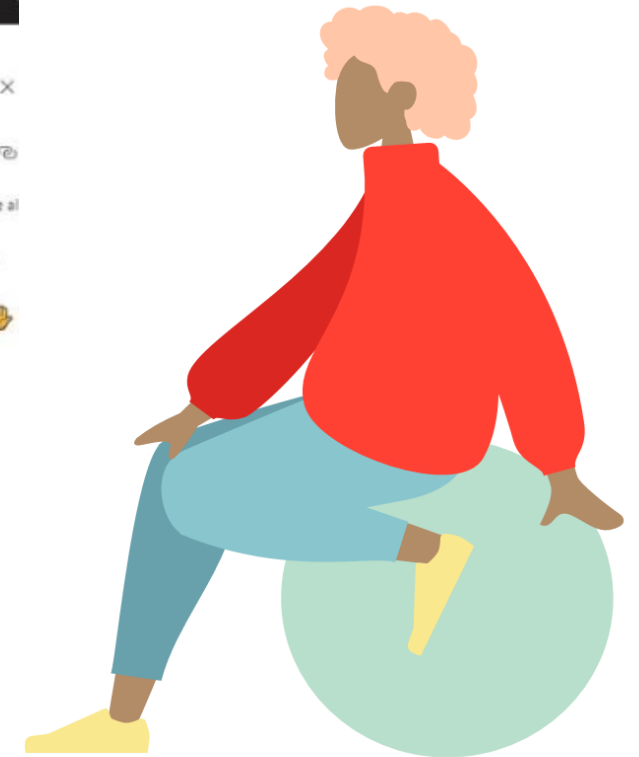

3. International Internship

4. International Organization

5. International workshop, conference, webinar or certification

1. Bachelor Leading to Master Program

The screenshot shows a Microsoft Teams meeting interface. The main window displays a presentation slide from Universitas Atma Jaya Yogyakarta. The slide title is "FINAL PROJECT PRESENTATION" and the subtitle is "Inventory Model To Control Multi Item Drugs In A Single Purchase Order With Consideration Of Shelf Life Of Drugs And Space Requirements In The Hospitals". The presenter is identified as "BY : WILLIAM / 161408850" and "International Industrial Engineering Program". The slide also features the university's logo and motto: "Unggul, Inklusif, Humanis, Berintegritas". The Teams interface includes a sidebar with navigation icons (Activity, Chat, Teams, Assignments, Calendar, Calls, Files, Help) and a bottom bar with meeting controls (07:16, video, audio, screen share, chat, request control). A "People" panel on the right lists participants: "Ririn Diar Astanti, ST, M.MT, Dr. Eng.", "Yosef Daryanto, ST, M...", "The Jin Ai, ST, MT, Dr. Eng. Organizer", "William", and "李文義 (Outside your organization)". A "Suggestions (1)" section lists "leewe (Guest)". At the bottom, a row of video thumbnails shows the faces of the participants.

Our Alumni

Filemon Yoga

He did internship in Western Digital Thailand and student exchange at Tunghai University Taiwan. He was LPDP Awardee and now he is working at multinational company in Philipines

Cakra Pratama

Product Manager at Jardin Schindler Group

Freddy Suhendra

Assoc Manager Reduced-Risk Product (RRP)
Deployment at PT HM Sampoerna Tbk.

Our Alumni

Kristiawan Atmadi

He took Global Logistics Specialist Program California State University. He is now working in multinational company

Yosafat Nugraha

He did internship in Western Digital Thailand. He is now working in multinational company and assigned in Sudan.
